

## Freshwater Fisheries Society of BC

April 1<sup>st</sup> 2016

Dear Organizers of the Peter Cameron Morrison Memorial Fly Fishing Derby

The Freshwater Fisheries Society of BC (FFSBC) would like thank you for your generous donation of \$2,721.78 from funds raised at the first annual Peter Cameron Morrison Memorial Fly Fishing Derby.

FFSBC is a private non-profit organization dedicated to the enhancement and conservation of BC's freshwater fish resources for the benefit of the public. FFSBC delivers the provincial fish stocking program to support sport fishing, offers a range of conservation services to protect wild fish, and promotes the importance of sport fishing and fish conservation to the public.

The funds we received this past fall were put directly towards Learn to Ice Fish programs FFSBC staff delivered over the course of the winter. In total 8 Learn to Ice Fish programs were delivered to over 600 youth and their families thanks to your support. These Learn to Ice Fish programs contributed to the total of over 26,000 youth and their families who participated in Learn to Fish programs across the province this past year.

The FFSBC Learn to Fish program is designed to break down barriers to recreational fishing and introduce new anglers, primarily youth and their families to fishing. The programs have a strong focus on conservation and angler ethics with a goal to create new, environmentally responsible users of our freshwater resources. Thanks to the generous contributions from groups such as yours, Learn to Fish has now reached over 180,000 youth and their families since its inception in 2006.

Once again, thank you for your support and choosing to donate a portion of the funds raised to FFSBC.

Sincerely,

Mike Gass  
Manager, Sport Fishing Development
